16 Place Setting Freestanding Dishwasher White

AquaIntense® - There's an easy way to wash those hard-to-clean dishes. AquaIntense® creates a powerful cleaning zone with intense water pressure, so even your filthiest pots and pans get expertly cleaned. No matter what you make, or how long it cooks, your dishes come out spotless.

SelfDry™ - Get your dishes perfectly dry, without using up any more energy. SelfDry™ lets air in by opening its door automatically after the program is finished and circulates that around your wash, so that your dishes are clean without any water stains.

16 Place Setting - Perfect for big, busy families. The flexibility of the top cutlery tray, unique shape of the top basket and foldable tines throughout the dishwasher provides it's large capacity and allows you to fit more in... so you can fit it all in, in one wash.
