

Dreame Hair Glory Mix

A whisper of fragrance. A burst of glory.

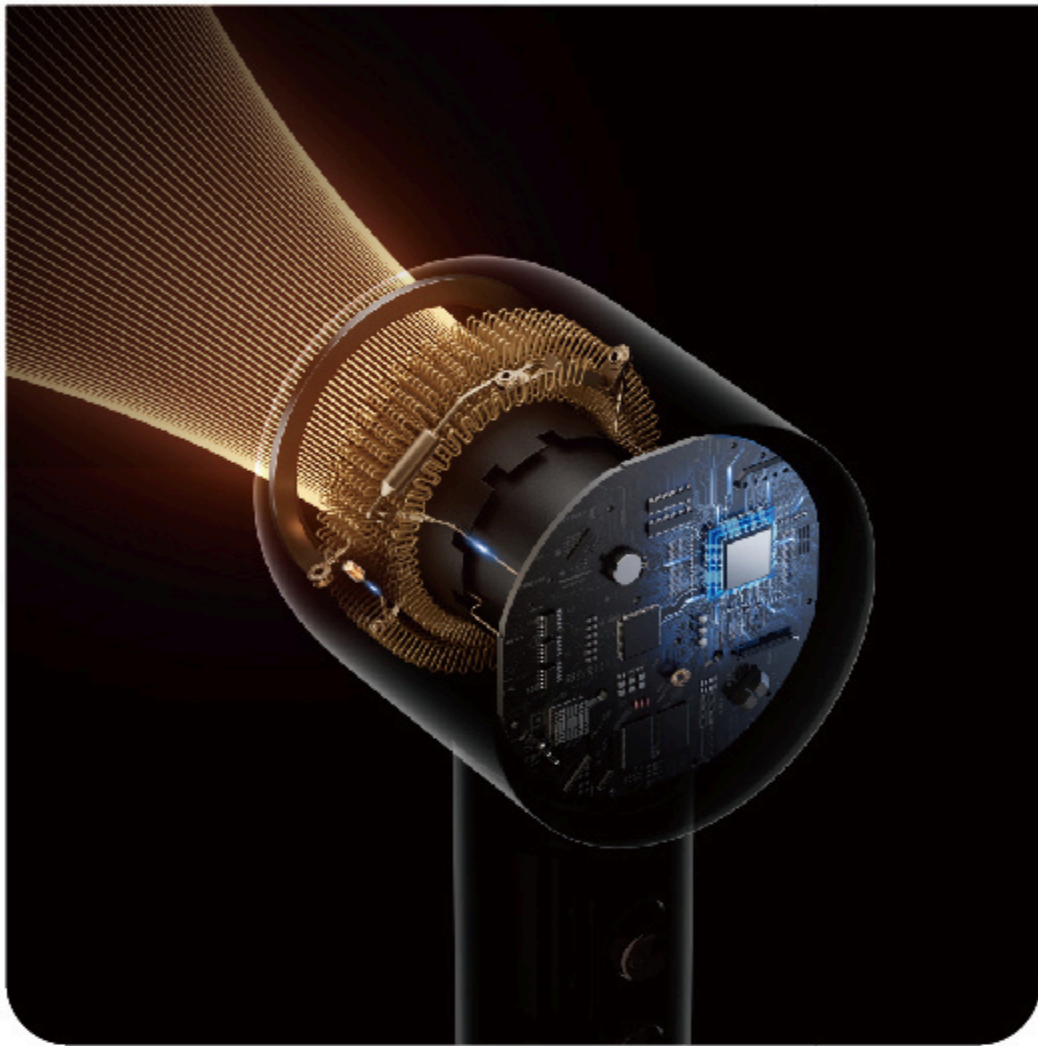

Hair Glory Mix enhances your drying experience with a perfume ring for a personalized fragrant touch. It features magnetic nozzles for versatile use, gentle temperature control for scalp protection, and ionic care to smooth hair, reduce frizz, and boost shine. Quick and even drying ensures a comfortable and efficient blow-drying process.

Key Features

Nozzles Tailored for Your Styles

The smoothing nozzle tames flyaways for a sleek finish, while the diffuser enhances curls and adds volume. The perfume nozzle gently disperses scented airflow, nourishing your hair while leaving it smooth and delicately fragranced with a luxurious touch.

Smart Temperature Control Prevents Heat Damage

NTC sensor monitors and regulates heat with 300 checks per second*, ensuring a stable 55°C (131°F)*. The heat management system prevents overheating, protecting the scalp and hair from damage while balancing drying efficiency and styling comfort.

Ion-Enhanced Smoothing and Shine

High concentration of negative ions instantly neutralizes static, smoothing hair for a sleek finish. Negative ions seal cuticles, lock in moisture, and boost shine, leaving your hair with less frizz, and more manageable for styling.

Rapid Drying, Enhanced Comfort

A high-performance brushless motor generates powerful airflow, drying shoulder-length hair in just 2 minutes* to reduce heat exposure and prevent damage. This fast-drying feature saves time while preserving hair's natural smoothness and shine for effortless styling.

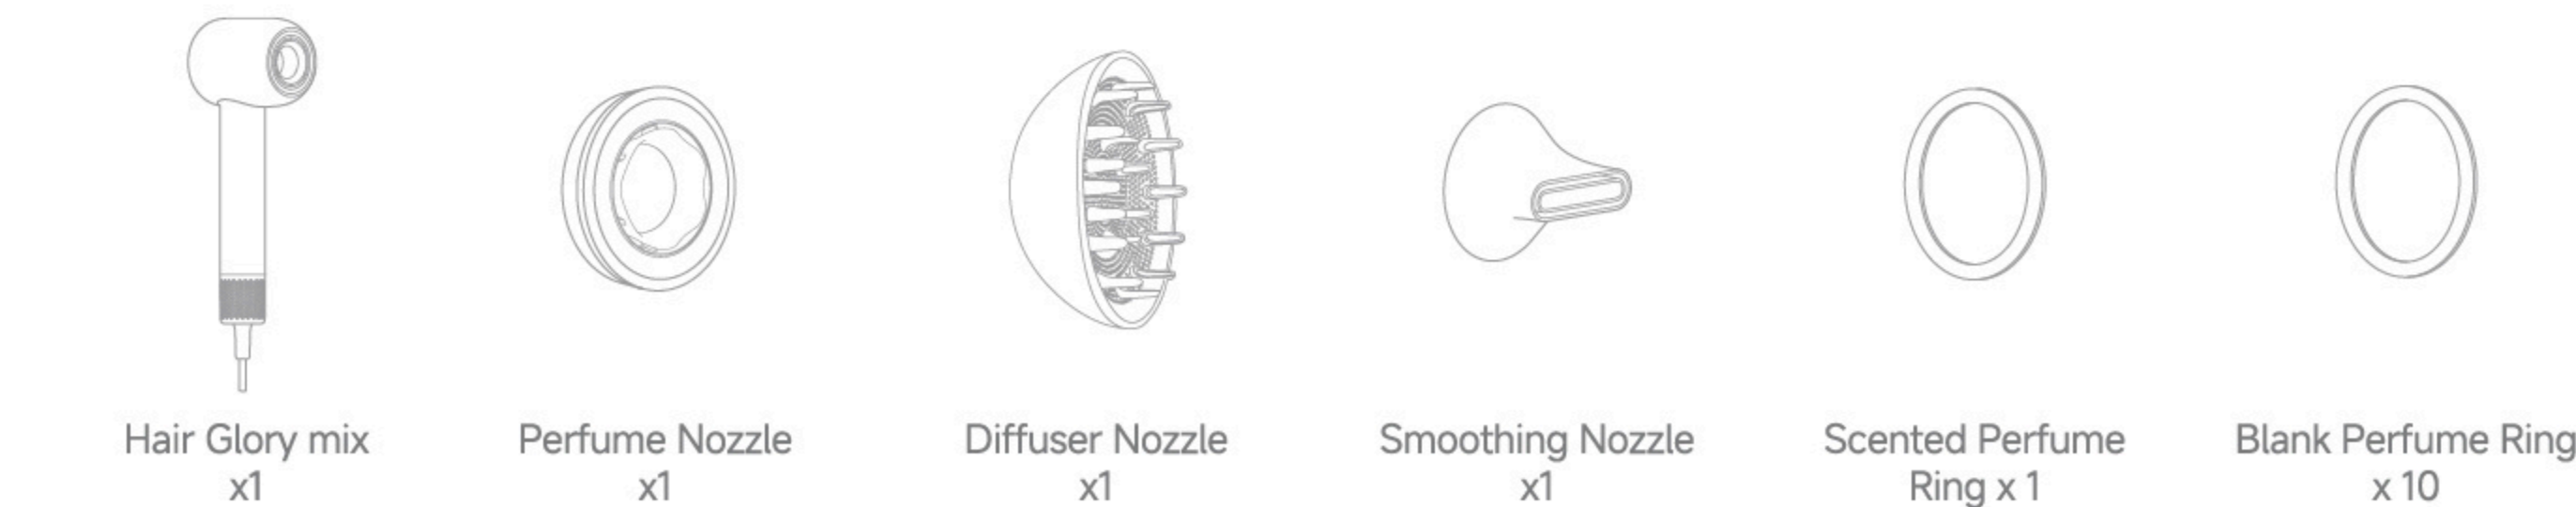

Specifications

Rated Voltage	220-240V
Rated Power	1,600W
Rated Frequency	50/60Hz
Unit Dimension	76 × 82 × 255mm (2.99 x 3.23 x 10.04in)
Wire Length	1.8m/5.9ft
Net Weight	336g (0.74 lb)
Negative Ions/cm ³	300,000,000
High Speed Motor	110,000RPM
Noise Level	76dB
Temperature	Cold wind/55°C (131°F)/80°C (176°F)(±5°C)
NTC Thermistor	Checked 300 times per second

Features

 Perfume Infusion Technology	 Mermaid Elegance	 NTC Temperature Control
 300,000,000 Negative Ions/cm ³	 110,000RPM Motor	 Compact 336g Design

What's in the Box

*The illustrations are for reference only. Please refer to the actual product.
*8 hours per use: As per the report from Shanghai Sabei Cosmetic Co., Ltd. (Report No. 241224-01). The 8-hour fragrance duration is applicable solely to the optional perfume ring, which enables users to customize their scent experience by adding their preferred perfume.
*For optimal fragrance diffusion, it is recommended to replace the perfume ring on a monthly basis. The suggested duration is based on average performance under standard conditions and may vary depending on individual factors such as hair length, volume, frequency of use, and specific habits.
*300,000,000 negative ions/cm³: As per the report from SGS-CSTC Standards Technical Services Co., Ltd. (Report No. SHES250200210771).
*110,000RPM, 65m/s (213 ft/s), 55m³/h (180.5ft³/h): Based on testing in the Dreame Lab.
*2 minutes: Based on testing in a controlled environment. Time may vary in actual use depending on the environment and the texture, thickness, and length of hair being dried.
*336g (0.74 lb), 82mm (3.23in) : Based on testing in the Dreame Lab.
