

60cm fully integrated dishwasher with MaxiFlex™, SprayZone, AirDry technology, beam on floor indicator, 15 place settings.

RRP AUS \$1,899.00

Product Details

FEATURES

MaxiFlex
MaxiFlex drawer space can be adapted to the load.

SprayZone
SprayZone directs high pressure water for flawless results.

Glass care
SoftGrips and SoftSpikes delicately hold glasses.

SatelliteClean
SatelliteClean reaches all items with water jets.

PerfectFit sliding hinges
PerfectFit hinges adapt to any door and plinth*

AirDry
Allows natural airflow in towards the end of the cycle ensuring dry dishes

Beam on Floor
Beam-on-Floor shows you when its time to unload.

BENEFITS

MAKE ROOM FOR MORE

The MaxiFlex drawer accommodates everything from spoons to spatulas. From multiple cutlery sets to over-sized utensils, the flexible dividers mean you can customise the drawer according to the load. Flatware is kept separate from larger items and the added depth increases the capacity for each cycle.

ALL CORNERS REACHED

The SprayZone function intensively cleans your cookware, with three-times better cleaning performance compared to our standard program. You don't need to pre-soak your heavily soiled dishes. The powerful water pressure brilliantly cleans everything placed within the dedicated space, every time.

THE GLASS-CARE SPECIALIST

SoftGrips and SoftSpikes gently support your delicate glasses, safeguarding them from damage, while the dedicated glassware program means you no longer have to hand wash. SoftGrips gently secure each individual glass stem, while the rubber SoftSpikes cushion glassware from vibration during the wash cycle so they do not move around.

MAX COVERAGE. MAX CLEAN

SatelliteClean shoots multiple jets of water into every corner of the dishwasher to ensure every item is thoroughly cleaned. The double rotation movement continuously changes the angle of the water jets to ensure maximum coverage, delivering outstanding cleaning results.

INTUITIVE AND TAILORED CYCLE

MyTime is the effortless and intuitive way to start your tailored dishwashing cycle. Pick the cycle time with the slider and add any optional treatments with just a tap - it's never been simpler. Then, sit back and let the machine do the rest.

A PERFECTFIT FOR ANY KITCHEN

Double rotation PerfectFit hinges allow you to install the dishwasher with any door length, without needing to cut your kitchen plinth*. The special movement of the double fulcrum hinges makes it possible to open the dishwasher door with ease.

UP TO 3X BETTER DRYING*

AirDry technology finishes each cycle with a breath of fresh air, performing three-times better than closed-door systems. The door automatically opens 10 cms towards the end of the drying phase, without you lifting a finger. This allows air to circulate inside, leaving plates and cutlery completely dry and spotless at the end of the cycle, whilst also saving energy.* Compared with our closed system.

STATUS CHECK FROM A DISTANCE

Beam-on-Floor projects the status of your wash program so that you can easily see when its time to unload. A red spot on the floor means that the program is still running, while a green spot means that it is completed.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Type of Dishwashers	fully integrated
Place settings	15
Drying system	AirDry
