Integrated Induction Cooktop and Air Extraction System

Model: ICTFX9042

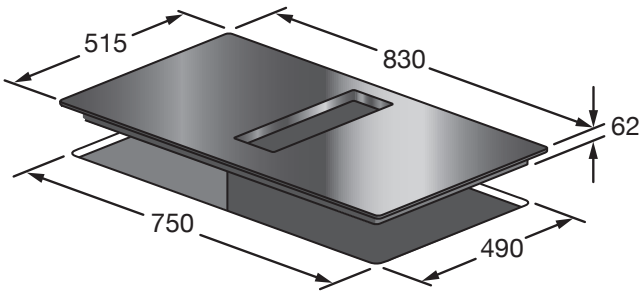

The Cooktop:

- Induction cooktop with quartz grey graphics
- Bevelled edges 15mm x 5mm
- Eight induction elements with 6 cooking zones
- High power 7.4kW
- Slider touch control 9 levels and seven timers
- Auto-Bridge function allows for BBQ griddle plate cooking. Order optional CIG4523 griddle plate
- Pause resume function
- Auto-Stop in case of accidental start, long absence, overflow over temperature
- Power adapts automatically to the pot size
- Residual heat indicators with Voltage Power Guard
- **SLTT. S**ustained **L**ow **T**emperature **T**echnology for delicate cooking

The Extractor:

- High performance 900 m^3/h
- 54 dbA low noise due to **UltraFlow** ducting
- Compact engineering allows for installation within a standard 600mm bench
- Ideal for island bench installation (Optional recirculating kit)
- The **UltraFlow** ducting system is three times more effective than traditional flexible ducting.
- Touch control via the cooktop surface
- 9 auto set extraction speeds
- Five-layer dishwasher safe aluminium grease filter in easy-to-remove cassette
- Ducted-out mode standard, recirculating mode requires optional kit ICTFXRK which includes carbon filter.

*The base filter box below the cooktop is 194mm deep.

These dimensions are provided as a general guide only and should not be used for designing or constructing cabinetry or for installation.
