

Dryer Venting Kit with Rear Deflector

Enjoy cleaner, fresher air in your laundry

ULX104

DESCRIPTION

Installing a dryer venting kit reduces drying time while decreasing your energy bills at the same time. Cleaner, drier air also helps to prevent mildew on your walls.

The clever through-the-wall design ensures more peace of mind, as you can keep your doors and windows closed while using your dryer.

The venting kit is designed to fit most standard sized outlets (100mm diameter).

Available at leading electrical retailers.

CONTENTS

The following items are included in the kit.

- 1 x Multi-directional deflector
- 1 x gasket seal – positions between dryer & deflector
- 2 x self-locking hose clamps
- 1 x Flexible ducting, expandable to 2m
- 1 x Auto-closing louver vent

TIPS

- To avoid personal injury, use correct equipment and ask for assistance when moving and lifting appliances

SUITABLE FOR MOST BRANDS INCLUDING:

Electrolux
Simpson

Ariston
Beko

Bosch
Euromaid
Fisher & Paykel
Gorenje
Haier
