## W40MK38HU0BA

**60cm MULTIFUNCTION HYDROLYTIC OVEN** 

### **FEATURES & BENEFITS**

#### COOK 3

Allows 3 different dishes to be cooked simultaneously on different levels, thanks to a special airflow that prevents aromas and flavours from mixing - saving time and energy.

#### TURBO GRILL

Fan grilling technology that cooks quickly and more evenly with a boost of hot air surrounding the grill zone. This feature has been designed to create a spit roast effect, so even thicker pieces of meat are crisp on the outside and tender on the inside.

#### FAN FORCED AIR SYSTEM

A quick and easy cooking method that doesn't require pre-heating. The fan distributes hot air evenly to all parts of the oven and even allows you to cook different foods simultaneously without mixing taste or smell.

#### **SMART CLEAN**

Innovative SmartClean technology cleans the oven thoroughly and efficiently, leaving no odours and without requiring a detergent. SmartClean technology works together with an easy-to clean special enamel and offers a dedicated cycle that always delivers perfect cleaning results.

#### WARRANTY

5 Year warranty on parts and labour.

## **TECHNICAL SPECIFICATIONS**
