### 60cm MULTI-FUNCTION SMARTCLEAN OVEN

## FEATURES & BENEFITS

#### SMART CLEAN

Innovative SmartClean technology cleans the oven thoroughly and efficiently, leaving no odours and without requiring a detergent. SmartClean technology works together with an easy-to clean special enamel and offers a dedicated cycle that always delivers perfect cleaning results.

#### COOK 3

Allows 3 different dishes to be cooked simultaneously on different levels, thanks to a special airflow that prevents aromas and flavours from mixing - saving time and energy.

#### MULTIFUNCTION 8

Multiple cooking methods. The Multifunction 8 feature offers flexible cooking options, to ensure perfect results, whatever the recipe.

#### FORCED AIR

Seal in the taste. Thanks to the Forced Air technology, preheated air is circulated inside your oven using an innovative convection system, giving you moist, juicy, cooking results.

#### TELESCOPIC RAILS

Extremely helpful for checking how the cooking is coming along, allow to easily insert, slide out or remove grids and casseroles.

#### TURBO GRILL

Fan grilling technology that cooks quickly and more evenly with a boost of hot air surrounding the grill zone. This feature has been designed to create a spit roast effect, so even thicker pieces of meat are crisp on the outside and tender on the inside.

#### WARRANTY

5 Year warranty on parts and labour.
